

Odyssey

Series II

A camper that can go to all the places that our iconic Odyssey hard floor has been for the last 16 years and do it in more comfort for the discerning off road adventurer.

“A light weight camper with a genuine 30 degree exit angle.”

BELLS AND WHISTLES

Complete with the Quantum's electrical systems and an external rear shower room as per the original Odyssey.

Bush ability

Light weight camper with an over towing length of 5.2m and genuine 30 degree exit angle.

Payload

Full external or internal cooking facilities. TARE 1400kg, ATM 2000kg, load capacity 600kg, light ball weight.

Unique style

Clever internal design using lift up bed base to increase your internal room.

The ODYSSEY SERIES II, the next generation features a 3.6 metre long pop top body with unique lift up Queen size bed design, when positioned in the Day mode gives enormous inside space and increased air ventilation for two adults or a small family. When the bed is positioned in the Night Time mode there is enough room to move around inside the rear of the trailer to access the rear cabinet, porta potti, storage and even use the 3 burner cooktop for a full meal or for

that morning cup of tea and toast.

The trailer can be optioned with full external cooking facilities, internal cooking or both. There is also a 75 litre fridge that is accessible from the inside or outside. Externally there is a huge amount of storage with an extensive options list that includes up to 3 separate water tanks for extended outback trips, a kids bunk, more external storage, twin spares and more jerry cans.

Odyssey Series II STANDARD SPECIFICATIONS
